DESCRIPTION

Period villa with park 15 km from Milan in Zibido San Giacomo

Prestigious period villa with park for sale in Zibido San Giacomo, near Milan - Moirago Just 15 km from the center of Milan, immersed in the green of the Parco Agricolo Sud Milano and overlooking the suggestive fourth basin of the Naviglio Pavese, there is an extraordinary period villa for sale in the historic village of Moirago, hamlet of Zibido San Giacomo. This exclusive residence is part of the historic complex "Cascina Salterio", a rare example of eighteenth-century Lombard architecture. The main residence, arranged in a horseshoe shape with a central body and two side wings, is embellished by a tower with a clock that dominates the entrance courtyard. In the center of the courtyard, seven terracotta busts depict famous figures of Italian culture such as Parini, Beccaria and Canova: a unique artistic detail, protected by the Superintendence. Private park of 6,000 square meters: a secret corner of nature and history Completely protected by walls,

the villa's park is a real hidden jewel, rich in scenic elements and historical evidence. In addition to tree-lined paths and shady nooks and crannies, the garden is home to a romantic pond, a historic lemon tree greenhouse and a rare masonry lowland icehouse, evidence of the property's rural past. The botanical variety is exceptional: magnolias, ginkgo biloba, camellias, cypresses, hydrangeas, old roses, azaleas and other fine species make the park a charming place in every season. Adjacent agricultural land that can be purchased separately The purchase of approximately 580,000 sq. m. of adjoining agricultural land is available, ideal for projects with an agricultural or touristic vocation. A charming residence with residential and receptive potential This historic villa represents a rare opportunity for those looking for a prestigious residence near Milan, or who wish to develop a touristic activity or events in an exceptional location....
